

# INDEPENDENT DRIVING STAMP PEDAL EXTENSION

# INDEPENDENT DRIVING STAMP PEDAL EXTENSION

**Pedal extensions** are an innovative solution for those that have trouble reaching a vehicle's pedals. They are designed to be used for those who are of short-stature, pregnant, over-weight or those with hip or knee problems.

The **Stamp Pedal Extension** enables an extension of 10-30 cm. Adjustments can be made for distance, height and the desired space between pedals. They are also fitted with a quick release, to be easily removed.

Can be installed into both *automatic* and *manual* vehicles.

## FEATURES

-  Provides 10 - 30cms of extension to your pedals.
-  Adjustable distance, height and space between pedals.
-  Available for both automatic and manual vehicles.
-  Removable when not in use.

## OPTIONS

-  Seat cushions
-  Seatbelt sash-guide
-  Driver's airbag de-activation module

Typically, when using extensions other **modifications** need to be done to ensure a safe driving position.

These options include cushions, to fill the gaps between the driver and the seat, sash guides, to ensure the seatbelt is in the correct position, as well as, driver's airbag modifications, if you are sitting too close to the steering wheel.

## BENEFITS

-  Independence to use your own vehicle
-  Provides a safe driving environment
-  Discreet and simple to use
